His replacement shall enter the playing ground through the interchange area. The replaced player may return to the playing ground by way of normal interchange.

3.5 When it is necessary for a player to be taken from the playing ground on a stretcher, the umpire shall stop play at the first appropriate opportunity after he is advised that a stretcher is on the playing ground and play will not recommence until the stretcher has left the playing ground.

3.6 When a player has been, or appears to have been, so seriously injured as to prevent his being removed immediately from the playing ground, the umpire may approve his replacement prior to leaving the ground.

5.4 To commence play at the start of each quarter, the umpire shall hold the ball aloft, sound his whistle and throw the ball up in the air. Match timing shall commence on the sound of the whistle.

5.5 After a goal has been kicked, the ball is to be kicked in by the opposing team from behind the goal end line.

5.6 A maximum of three players of each team is permitted in the Central Zone area for the ball up. No officials are permitted in the Central Zone for the ball up. No player or official is permitted to enter the Central Zone from the time the umpire commences his approach to the center line until the ball leaves the umpire's hand in the act of being thrown up.

5.7 The center ball up shall be contested only by one player of each team who shall take up a position in his team's defensive half. Neither of these players shall enter his team's attacking half until the ball leaves the umpire's hand in the act of being thrown up.

5.8 In the event of a breach of this Law by a player or official, the umpire shall award a free kick to a player of the opposing side nearest the center of the center line.

5.9 When a goal is scored, the opposing team must kick in from behind the goal line within 10 seconds

5.10 At center ball ups, players may enter the Central Zone until the umpire commences his approach to throw the ball up.

6. SCORING

6.1 A goal shall register six points. The team scoring the greater number of points shall win the match. If the points are equal, the match shall be drawn.

6.2 When a ball crosses the goal line, the umpire shall give the goal umpire an "All Clear" signal if

there have not been any incidents in play which the umpire intends to penalize.

6.3 A score cannot be registered unless the umpire calls or indicates "All Clear" to the goal umpire.

6.4 A goal shall be scored when the ball is kicked through the goal posts by a player of the attacking team.

6.4.1 A behind (1 point) shall be awarded if, in the act of kicking for goal, the ball strikes a goal post and continues through the goals.

6.4.2 A 'supergoal' (10 points) shall be awarded on a kicked ball that traverses the goal line between the goal posts entirely on the full and from beyond each 40-yard 'supergoal' marker, either from a ball in play or from a mark taken from beyond the 40-yard 'supergoal' marker.

6.4.3 A goal scored from beyond the 40-yard 'supergoal' marker that traverses the goal line on the ground or by bouncing and without being otherwise touched shall be a goal, and is registered as 6 points.

6.4.4 If the ball strikes a goal post and bounces back into the field of play, a behind shall be registered, and play will resume with a kick-in from behind the goal line.

6.4.5 In the event that the ball crosses the goal line, and the goal umpire does not receive an all clear from the umpire and play continues, the goal umpire shall run after the umpire and notify him at once. On receipt of such advice, the umpire shall stop play and give the all clear.

The goal umpire shall signal and record the score and play shall recommence in accordance with these laws.

6.4.6 In the event that a free kick has been awarded after the ball crosses the line and before the all clear has been given, the umpire shall give the all clear and the goal umpires shall signal and record the score. The free kick shall then be taken at the spot where the infringement occurred or where the ball is at the time, whichever is the greater penalty against the offending team.

6.4.7 In the event that, after the all clear has been given for a goal, an infringement occurs to a player of the defending team prior to the ball being thrown up in the Central Zone, the resultant free kick shall be taken at the spot where the infringement occurred, or in the Central Zone, whichever is the greater penalty against the offending team.

6.4.8 In the event that, after an attacking team has missed a shot for goal, an infringement occurs to a player of the defending team prior to the ball being kicked in after the miss, the resultant free kick shall be taken at the spot where the infringement occurred, or in the Central Zone, whichever is the greater penalty against the offending team.

6.4.9 The goal umpires shall be the sole judges of goals and their decisions are final, except when the ball has become dead by a decision of the umpire.

6.4.10 Upon receiving "All Clear" when a goal has been scored, the goal umpire shall initially indicate a goal by extending both arms at a 90 degree angle, while extending both index fingers.

6.4.11 The goal umpire shall then signal a goal by waving two flags. A score cannot be annulled unless the goal umpire immediately rectifies a mistake by notifying the umpire before the ball is thrown

up in the Central Zone, if he has signalled a goal.

6.5 Upon receiving “All Clear” when a behind has been scored, the goal umpire shall initially indicate a behind by extending the arm indicating which side post (left or right of the goal posts) the ball has traversed.

6.5.1 The goal umpire shall then signal a behind by waving one flag, again indicating which side post (Left or Right) the ball has traversed.

6.5.2. Upon receiving “All Clear” when a supergoal has been scored, the goal umpire shall initially indicate a supergoal by extending both arms upright, and with the palms of each hand extended in upward position.

6.5.3 The goal umpire shall then signal a supergoal by extending two flags in upright position.

6.5.4 When a score has been annulled, the goal umpire shall immediately stand in front of the goal posts and hold both flags above his head in crossed position.

6.5.5 The ball shall be deemed dead when the umpire hears the first sound of the siren, but a player who has, prior to the first sound of the siren, taken a mark or been awarded a free kick shall be allowed to kick the ball. A goal or behind obtained therefrom or from a ball which is in transit prior to the first sound of the siren shall be counted. The umpire shall be the sole judge of whether the ball has been kicked or handled or whether a free kick has been awarded prior to the first sound of the siren.

6.5.6 If the ball is touched in transit and crosses the goal line between the goal posts, the score shall be registered as a behind.

6.5.7 Controlling bodies shall authorize such officials as they deem appropriate to record scores, separate from the goal umpires. In the event of the goal umpires disagreeing on the final scores, the controlling body may take the separately recorded scores into consideration in determining the result of the match.

7. KICKING IN

7.1 When the attacking team attempts a shot for goal and misses, registering a behind, any player of the defending team shall kick the ball into the field of play from behind the goal line, and between the goal posts.

7.2 If the ball is not brought into play correctly, the umpire shall penalize the offending player by awarding a free kick directly in front of goal and within the 25-yard defensive zone to the nearest player of the opposing team.

7.3 If an opposing player attempts to delay play by moving to or standing within 10 yards of the end-line; or prevents the player from kicking in, the umpire shall penalize the offending team by awarding a 25-yard penalty.

7.4 If a player will not kick in when directed to do so by the umpire, the umpire shall call play on.

7.5. If a player will not kick in when directed to do so by the umpire, who then determines the player has intentionally delayed the game, a 25-yard penalty shall be awarded to the opposing team, and the nearest opponent shall be awarded a free kick within the offending team's 25-yard Defensive Zone.

8. MARKING THE BALL

8.1 A mark is catching the ball directly from the kick of another player from any direction, not less than 10 yards distant and anywhere on the field of play, the ball being held a timed deemed reasonable by the umpire, and not having been touched in transit from kick to catch.

8.2 A mark shall be awarded to a player who crosses the boundary line from the playing ground but controls the ball before it has passed completely over the boundary line.

8.3 A mark shall be allowed when the ball is caught and controlled on the boundary line.

8.4 When a player takes a mark or is given a free kick, an opponent is permitted to stand on the mark or spot where this occurrence took place.

8.5 Only one opponent may stand on a player's mark.

8.6 No other player is allowed within a corridor which extends from 5 yards either side of the mark to 5 yards either side of, and a 5 yard radius behind, the player with the ball. This corridor is to be known as the 10 yard protected area.

8.7 In the event of an opponent encroaching over the mark when a player is kicking for goal and a goal is kicked, the umpire shall give the "All Clear" and the goal shall be registered. If a goal has not been kicked, the player shall be given the option of another kick, and the mark shall be advanced 25 yards.

9. BALL DISPOSAL

9.1 The ball may be moved around the Playing Field by either a kick or handball. It cannot be thrown.

9.2 A player shall handball the ball by holding the ball in one hand and hitting it with the clenched fist of the other hand. If the ball is not handballed correctly, a free kick is awarded to the nearest opponent.

9.3 A player may kick the ball by making contact with the ball below the knee.

9.4 A player who takes a mark or who is awarded a free kick shall play the ball from directly behind the spot where the mark or free kick was awarded. The 10 yard protected area shall apply. If the player attempts to play the ball other than in a direct line over the mark, the umpire shall call "Play On" and the ball shall immediately be in play.

9.5 If there is no player on the mark, the ball may be played in any direction provided it is brought into play over boundary line originally crossed.

9.6 When a player is kicking for goal from a mark or a free kick, the kick shall be taken along a direct line through the mark to the center of the goal posts.

9.7 The ball shall be deemed to be brought into play when any portion of it is on or above the boundary line.

9.8 If a player taking his kick from outside the boundary line, after having been awarded a mark or a free kick, attempts to play on outside the boundary line, the umpire shall give the player another kick to put the ball into play.

10. BALL POSSESSION

10.1 A player may hold the ball for any length of time provided he is not held by an opponent.

10.2 If he runs with the ball, he must bounce it or touch it on the ground at least once within every 15 yards from the commencement of his run, whether running in a straight line or turning and dodging.

10.3 If a player with the ball bounces it, he is deemed to be in possession of the ball.

10.4 If he runs with the ball and handballs it over an opponent's head and catches it, he must, within 15 yards of commencing his run or striking the ball on the ground, bounce it or touch the ground with it or dispose of the ball.

10.5 A player who lies on or over the ball is deemed to be in possession of the ball.

11. PHYSICAL CONTACT

11.1 A player may be fairly met or checked by an opponent by the use of the hip, shoulder, chest, arms or open hand provided the ball is not more than three yards away.

11.2 A player may be pushed in the chest or side or shepherded by an opponent provided the ball is not more than three yards away.

11.3 A player in possession of the ball may fend off a prospective tackler by pushing him with an open hand in the chest, shoulder or side.

11.4 A player in possession of the ball may be tackled and grasped in the area below the top of the shoulders and on or above the knee. The tackle may be from front, side or behind provided that the tackle from behind does not thrust forward the player with the ball.

Procedures

11.5 Procedures for administering this law are as follows:

11.5.1 A player in possession of the ball who has had a reasonable time (prior opportunity) to dispose of the ball must, when legally held by an opponent firmly enough to retard his progress, dispose of the ball by a kick or handball within a reasonable time of being held, otherwise a free kick shall be awarded against the player for failing to dispose of the ball in a legal manner.

11.5.2 The umpire shall throw the ball up when the player with the ball has the ball held to his body by an opponent, unless the player has had a reasonable time to dispose of the ball prior to being tackled in which case a free kick shall be awarded for holding the ball.

11.5.3 A player who elects to dive on the ball and/or drag the ball under him when he is on the ground, will be penalized for holding the ball if he does not immediately hit the ball clear when held legally.

11.5.4 A player not in possession of the ball when held by an opponent, shall be awarded a free kick.

11.5.5 When a player claims a mark, the ball having been touched in transit, and retains possession when held by an opponent, the umpire shall not award a free kick but throw the ball up if he is

satisfied that the player did not hear his call of "Play On". But if the ball has been taken away from the player by another player, the umpire's call "Play On" shall hold good.

11.5.6 The umpire shall allow play to continue if a player in the act of kicking or handball, is swung off balance and his foot or hand does not connect with the ball.

11.5.7 The umpire shall allow play to continue if a player is bumped and the ball falls from his hands.

11.5.8 The umpire shall allow play to continue when a player's arm is knocked, causing him to drop the ball.

11.5.9 The umpire shall allow play to continue if a player has his arms pinned to his sides causing him to drop the ball.

11.5.10 The umpire shall allow play to continue if a player is pulled by one arm or swung causing the ball to fall from his hand.

12. FREE KICKS

12.1 The spirit of the laws relating to free kicks is:

12.1.1 The player who makes the ball his sole objective shall be given every opportunity to gain possession of the ball.

12.1.2 The player who has possession of the ball and is held by an opponent shall be given a reasonable time to dispose of the ball.

12.1.3 The ball shall be kept in motion. The umpire shall call "Play On" even though a free kick should have been awarded but by doing so would penalize the team offended against.

12.2 All breaches of the laws shall be penalized whether the ball is dead or in play. The umpire shall sound his whistle for the awarding of a free kick. Unless otherwise specified, the player nearest to the opponent who commits a breach of the Laws shall receive a free kick.

Advantage Rule

12.2.1 If the umpire has sounded his whistle for a free kick, he may cancel such a free kick by calling "Play On, Advantage" if the side offended against will be penalized by enforcing the free kick.

12.2.2 Should the umpire cancel a free kick he may reverse the decision if it is obvious that it is not to the advantage of the team concerned.

12.2.3 A player awarded a free kick must go back to the spot where the breach occurred before being allowed to kick or play the ball. If such player kicks or plays the ball without complying with this law, the umpire shall stop play and enforce compliance.

12.2.4 A free kick shall be awarded against a player who throws or hands the ball to another player while the ball is in play.

12.2.5 When a player who has taken a mark or been awarded a free kick is, in the opinion of the umpire, unable to dispose of the ball through accident or the deliberate action of an opponent, the umpire shall award a free kick to the nearest player of the same team at the time the incident occurred. The kick shall be taken at the spot nearest to where the incident occurred.

12.2.6 If a player has been awarded a free kick or a mark, and before the kick is taken a further breach of the laws is made by a player on the same side as the first offender, the umpire shall sound his whistle and direct the free kick to be taken by a teammate at the spot where the subsequent breach took place, if doing so will penalize the offending team. Where a subsequent breach is committed by a teammate of the player taking the kick, a free kick shall be given to the nearest opponent at the spot of the original free kick, if doing so will penalize the offending team.

12.2.7 If a breach of the laws is committed, regardless of the position on the field, the free kick is to be taken at the spot where the infringement occurred, or where the ball is at the time, whichever would be the greater penalty for the offending team.

12.2.8 A free kick shall be given if a player infringes any of the laws between the time the umpire sounds his whistle and throws the ball up.

Free Kicks – Throwing the Ball Up

12.3 Free kicks for infringements concerning the umpire throwing the ball up will be awarded against the player who:

12.3.1 Crosses the 50 yard line when the umpire is in the act of throwing the ball up at the start of the match, the start of each quarter, and after a goal has been scored.

12.3.2 Interferes with an opponent from the time the ball has been thrown up in the Central Zone until the ball subsequently makes contact with a player or the ground.

12.3.3 Unduly interferes with the throwing up of the ball by the umpire or deliberately interferes with an umpire during the progress of the match.

Free Kicks – Interfering with Opponents

12.4 A free kick will be awarded against a player who interferes with an opponent in the following manner:

12.4.1 Interferes with an opponent from the time the ball goes out of bounds, until the ball, after being kicked in by a player, makes contact with a player or the ground.

12.4.2 When a goal is kicked by a player, and while the ball is being kicked or is in transit a breach of the laws is made by an opponent, the umpire shall give the “All Clear” signal and the goal shall be registered.

12.4.3 After the ball has been kicked and an infringement occurs, and the ball does not score a goal, the option of another kick shall be given to the player who originally kicked the ball at the spot from where the kick originated.

12.4.4 If a breach of the Laws is made by a player of the attacking side, the umpire shall not signal “All Clear” but must award a free kick, to the nearest player of the defending team.

12.4.5 If a player is fouled immediately after scoring a goal and after the umpire has given the “All Clear”, the umpire shall award such player a free kick at the spot where the offense took place. Another score may then be registered without the ball having been thrown up in the Central Zone or

kicked in.

12.4.6 If a breach of the laws is committed against a player who has disposed of the ball, and this occurs after the ball has been kicked or handballed, a penalty free kick (“Downfield”) shall be awarded to a player of the team offended against at the spot where the ball first touched the ground, a player, was marked or went out of bounds. If the awarding of such a free kick will penalize the team offended against, the free kick shall be given to the player who originally kicked the ball.

12.4.7 Trips or kicks, attempts to trip or kick or slings an opponent, or when not in possession of the ball, kicks in a manner likely to cause injury to an opponent, or strikes or attempts to strike an opponent with either hand or arm or deliberately with the knee.

Free Kicks – Out of Bounds

12.5 A free kick shall be awarded against a player who kicks, handballs or forces the ball out of bounds, whether deliberate or not, *except*:

12.5.2 Should the ball cross the boundary line and go out of bounds as a result of a player making a deliberate defensive play (‘spoil) to disrupt a ball in play, the defender shall be awarded possession.

12.5.1 The free kick shall be taken at the spot where the ball went out of bounds across the boundary line or adjacent to the goal posts.

12.5.2 When kicking in from behind the goal line, if the ball is kicked out of bounds without it having been touched by any player, a free kick shall be given at the spot where the ball went out of bounds.

12.5.3 This rule applies whether the ball has been forced out of bounds either along the ground or out on the full.

Free Kicks – Illegal Contact

12.6 A free kick shall be awarded against the player who checks or tackles an opponent in the following manner:

12.6.1 Catches hold of an opponent below the knee or by the neck or head, which includes the top of the shoulder.

12.6.2 Charges an opponent.

12.6.3 Pushes an opponent from behind in any way, except when legitimately going for a mark, wherein a player may interfere with an opponent from behind.

12.6.4 Pushes, bumps or shepherds an opponent in the face, head, neck or in the shoulder.

12.6.5 Pushes, bumps or shepherds an opponent who is in the air for a mark.

12.6.6 Shepherds an opponent when the ball is more than 3 yards away or is out of play.

12.6.7 Deliberately holds back or throws an opponent after that opponent has kicked or handballed the ball. No free kick shall be given if the player, unable to release his hold at once, throws the opponent down.

Free Kicks – Interference with Play

12.7 A free kick shall be awarded against a player who interferes with play as follows:

12.7.1 If the ball is in transit towards goal from a free kick, mark or field kick and an opponent shakes the goal post, the umpire shall give the player the option of another kick if in the umpire's opinion, the opponent's action could have affected the result.

12.7.2 If a teammate shakes the goal post, the umpire shall award a free kick to the nearest opponent at the spot from where the ball was kicked.

12.8 A free kick shall be awarded against a player who wilfully wastes time by not allowing the ball to be brought into play prior to, or when directed to do so, by the umpire.

12.9 A free kick shall be awarded against the team as follows:

12.9.1 1 Any team official who interferes with the ball, the play or a player of the opposing team during the course of the game shall cause the umpire to award a free kick to the nearest player of the team offended against at the spot of the infringement, or where the ball is at the time, whichever would be a greater penalty to the offending team.

12.9.2 A free kick shall be awarded against a player who uses abusive, insulting or obscene language to an umpire or behaves in an abusive, insulting or obscene manner towards an umpire.

13. 25 YARD PENALTY

13.1 A 25 yard penalty will be applied in instances where the actions of a player encroach over the mark, waste time and/or delay the play or where a player uses abusive, insulting or obscene language to an umpire or behaves in an abusive, insulting or obscene manner towards an umpire where an opposition player has been awarded a mark or free kick.

13.2 When the umpire applies a 25 yard penalty, the player receiving the penalty shall not be permitted to play on. The mark shall then be advanced 25 yards in a direct line with the center of the goal. The player receiving the penalty shall be given free access to take up a position behind the advanced mark. When the umpire is satisfied the player has taken up a correct position, he will instruct the player he is free to play the ball, irrespective of whether an opponent is standing on the mark.

13.3 A 25 yard penalty shall have the same implication as a free kick.
